## Apple MacBook Pro gets Midas treatment

### Luxury lappie

by Amy-Mae Elliott published on 10 September 2007

We've seen seriously blinged up creations from the iPod range, so why not go whole hog and get a Midas-touched MacBook Pro?

These pics are preview images for the forthcoming gold and diamonds MacBook Pro from the Computer Choppers team.

The diamond encrusted Apple logo is designed to let the light shine through. Prices on application.
