Cooltone all-in-one mini fridge, CD player, iPod speakers and radio

Chill

by Amy-Mae Elliott published on 11 September 2007

If you've ever looked at your fridge and thought, "Gosh, I just wish you did more", or looked at your iPod speaker set-up and thought "I need a beer", then this is for you.

A 20-can fridge with "Quick cool" functionality, this cunning gadget is also a "fully-featured" top-loading CD player, an AM/FM radio and can play music from your iPod/MP3 via 3.5mm jack.

Oh, and it has a remote control, so all you need remember is to BYOB. £129.99.
