## The 4th Pocket-lint Gadget Awards nominations announced

### Nominations in full

by Stuart Miles published on 2 October 2007

The longest running gadget awards in the UK\*. This year's Pocket-lint Gadget Awards are bigger and better than ever before with 25 categories in total including the coveted Best Gadget of the Year 2007.

The awards, voted by a panel of leading gadget journalists\*\*, including the staff from the Pocket-lint team, will decide the real must have gadgets of the year, rather than those simply deemed cool or anticipated, and be the definitive guide for consumers looking to buy gifts this Christmas.

Taking into account over 600 products Pocket-lint has reviewed on the site since December 2006, the rules of the awards state that for any product to be nominated it has to have been seen by a member of the Pocket-lint editorial team and been released in the UK between December 2006 and December 2007.

The Awards will be held in London on the 22 November 2007.

And the nominations are:
