Nintendo releases two special edition DS bundles in the States

Zelda and Nintendogs themed versions

by Amy-Mae Elliott published on 20 November 2007

Nintendo are offering US gamers an extra incentive this Christmas - two special edition bundles.

One, for Zelda, comes with a gold DS Lite complete with the tri-force logo and a copy of *Zelda: The Phantom Hourglass*.

The Nintendogs version offers the same deal with a copy of the game, plus a DS Lite in pink with a paw print on it.
