Plug and play Car Cam Voyager

Dash-mounted mini-cam to record "incidents"

by Amy-Mae Elliott published on 17 December 2007

Offering one touch recording that can do 8 hours on a 2GB SD card this little camera is designed to stick to your dash.

It'll protect you in the instance of any nasty incidents that could occur and can be powered via 12v or AAA batteries.

\$79.95 for peace of mind on the roads...
