## Pics leaked of a possible new Pentax DSLR

Is this a sneak peek of the K200D?

by Katie Scott published on 2 January 2008

It seems that a new DSLR is on the way from Pentax.

Shots of what appears to be a K200D have been published on the web and forum visitors are now swapping rumours of what features the new release will pack in.

There is no actual news from Pentax though but we'll keep you posted when we hear.
