Samsung GX-20 DSLR owners to get cashback

But only until 31 July

by Katie Scott published on 29 April 2008

From 1 May, Samsung is offering as much as £75 cashback when snappers buy its GX-20 DSLR.

Buy the GX-20 single (18-55mm) or twin (18-55mm and 50-200mm) lens kit and you will be eligible for £100 cashback.

Customers purchasing the GX-20 body-only kit will be eligible for £75 cashback.

Samsung has also extended the deal to the GX-10 DSLR, which you will get £50 cashback on when you buy it either with a single or twin lens kit.

The 14.6 megapixel flagship model was priced £699.99 with an 18-55mm lens upon its launch in January, and a quick scan of the worldwide web shows it has largely held that price.

The deal runs until 31 July; and all of the details of how to get your money back are available on the Samsung website (link below).
