## 3G iPhone to come in three colours?

Leaked ad shows black, white and red versions

by Amy-Mae Elliott published on 27 May 2008

The leaks around Swisscom's iPhone announcement reportedly saw the 3G device on their official site briefly offered in silver, black and white models, but this latest rumour adds red to the mix.

Most likely a fan mock-up, these supposed 3G iPhone adverts from Apple urge consumers to "make your choice" from the three colour-ways available.
