Don't know what to do once you get there? Help is at hand

by Ian Hughes published on 10 June 2008

It is a known fact that if you are in a relationship, one of you will want to go and lie on a beach for 2 weeks and do nothing, and the other person will want to walk the Inca Trail, swim with dolphins, cycle the Great Wall of China and then go bungee jumping in the Grand Canyon.

Holidays are (apparently) one of the major causes of domestic arguments.

Perhaps Isango can help.

They are a special travel service which concentrates on what you do once you get to your destination.

You can mix and match activities and excursions so there should be something for everybody.

We can't guaranteed domestic bliss, but it might help a little.
