TomTom is offering free photo albums for anyone who buys either the TomTom GO 930 Traffic, GO 730 or GO 530 (or GO 730/530 Traffic) between now and the end of August.

GPS fans who purchase a special pack will then be able to download free software and create their own personalised, summer photo album, using the unique TomTom code on the inside of the product's promotional sleeve.

The 24.5 x 32cm album is claimed to be worth over £30, and provides space for up to 90 photos on 30 pages.

And it'll be printed and delivered within 15 working days.

TomTom GO 930 Traffic Summer Edition is currently £399.99; the TomTom GO 730 Traffic Summer Edition is priced £329.99; and the TomTom GO 730 Summer Edition, £299.99.

Then there's the TomTom GO 530 Traffic Summer Edition for £279.99 and the TomTom GO 530 Summer Edition for £249.99.
