At Last! The duvet you can wear! In a choice of colours too...

by Ian Hughes published on 7 July 2008

Definitely filing this one under "so good it almost hurts".

If you've ever sat at home when the evening chill has descended and thought to yourself "I wish I had the duvet from upstairs to keep me warm", this could be just what you're looking for.

A duvet that you wear! A fully quilted suit available in his and hers and a variety of colours (including, a little worryingly, DPM camouflage) this a must for all home bodies and couch potatoes.

Priceless.
