## Brando launches 16 port USB "super" hub

ZOMG

by Amy-Mae Elliott published on 8 July 2008

Not the prettiest of products to land in our inbox this week, Brando has just launched possibly their most pricey product yet - the \$139 "USB Super 16 Port Hub".

Allowing you to connect a whopping 16 USB devices to your poor PC, the burden can be shared by two computers, while the built-in 22.5W power supply unit takes care of any juice issues.

Measuring approx 116 x 67 x 63mm, this 373 gram unit means you don't have to chose between the humping dog, glowing LED gubbins, novelty water fountain, desk fan, aromatherapy oil burner ... you can use them all we tell you ... all!
