Mouse delivers 15.4 inch laptop - the m-Book P650

Priced between 860 and 1165Ä

by Katie Scott published on 13 August 2008

Here is the latest from Japan-based Mouse Computer.

The m-Book P650 is a 15.4 inch (WSXGA+) notebook.

It is available in different versions with either a Core 2 Duo P8600, T9400 or T9600, as well with either 2 or 4GB of RAM.

All three version have a 250GB SATA HDD, and a GeForce 9600M GT with 512MB of VRAM with HDMI out, as well as a 2 megapixel webcam.

Prices range between 860Ä and 1165Ä.
