Sagem Communications extends warranty on B2B fax models

Get 2-years' standard warranty instead of one

by Verity Burns published on 28 August 2008

Sagem Communications has upgraded the on-site warranty on selected models of its B2B multifunction fax devices from 1 to 2 years as standard.

Models included in this offer are the MF5400 and MF5600 series, as well as the MF4640, making six in total.

Each one has different features that will appeal to different users.

For example, the MF5600 series is network ready, can print around 200 pages a day, can perform duplex printing and colour scanning, has super G3 fax and a USB key function.

The devices in this range are MF5660 priced at £499, MF5680n costing £599 and the MF5690dn at £799 - all prices excluding VAT.

MF5400 series features an average print volume of 40 pages per day. It is also a colour scanner, a flatbed and sheetfeed fax and features 16 pages per minute printing. The models in this range are the MF5461 at £213 and the MF5481n at £238, again excluding VAT.

Finally the MF4640, priced at £349 excluding VAT, is a digital laser copier, with average printing volume of 200 pages a day and fax transmission forwarding.

All of these products are available now.
