VIDEO: Quick hands-on with the Canon G10 digital compact

Have a gander at the new 14.7MP snapper

by Katie Scott published on 22 September 2008

A DIGIC 4 processor, 14.7-megapixel sensor and 5x zoom lens are all packed into the new G10 digital compact which joins Canon's PowerShot range.

Here's a quick hands-on from its London launch...
