## Voda-flavoured BlackBerry Storm pics leaked

### Branded handset gets snapped

by Amy-Mae Elliott published on 26 September 2008

Well, what do we have here? After Pocket-lint broke the news that Vodafone will get the forthcoming BlackBerry Storm in the UK, it seems some Voda-flavoured pics have leaked into the wild.

The supposed screenshots appear to show not only the Vodafone branding, but a little bit of what that much-anticipated touch interface will look like. Excited yet?
