Apple has launched a new gift initiative in time for Christmas that could see UK-based residents sending Apple products to friends and family throughout Europe.

The launch of the new Apple online store "crossborder" gifting service means customers in European countries can send gifts throughout Europe, with door to door delivery in 15 countries.

Apple says the deliveries will be via courier and returns and refunds are covered by the return policy of the Apple online store where the recipient is based, in case of a need for return.

The countries offering the service are Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
