## Google Street View captures street wee

### Taking the Michael out of privacy issues?

by Amy-Mae Elliott published on 24 December 2008

Google Street View has captured this charming shot of a someone relieving themselves on the streets of Madrid.

We're not sure what the Spanish laws are for street peeing, but they'd be breaking the law in the UK.

In Blighty, it's only legal to urinate in public against the rear wheel of your motor if your right hand is on the vehicle. Apparently.
