Zoostorm Freedom netbook launches

New mini-notebook for £242

by Amy-Mae Elliott published on 13 March 2009

Zoostorm has announced the launch of its "Freedom" netbook, due to go on sale at PC Nextday.

The Freedom offers an 8.9-inch WSVGA LED backlit LCD screen and gets a metallic finish chassis.

The new netbook runs Windows XP and comes equipped with a 1.6GHz Intel Atom processor, 512MB of memory, Wi-Fi (including "N") and a 4.5-hour battery life.

Weighing in at 0.9kg and measuring 22.5 x 17 x up to 3.38cm, there's also a webcam and mic, an 8GB flash memory.

The Freedom netbook is available from PC Nextday at £241.61 plus delivery.
