VIDEO: Tech week in view 17/04/09

Comment and opinion on the week's big stories

by Amy-Mae Elliott published on 17 April 2009

Miles mulls the clever tech behind Range Rover's dual screen display which rang bells, eBay's plans to offload Skype and the great unwashed's understanding of HDTV.

In addition Stuart considers the merits - and pitfalls - of Heathrow and Samsung's "Power Poles" for travelling gadget-lovers. Hit play to see it all come together in one video instalment.
