## VIDEO: Megawhat's Tech Week in View - 1/05/09

A phone-themed look at the hottest tech topics

by Amy-Mae Elliott published on 1 May 2009

Stuart Miles takes in the week's phone news, chews it up and spits it out in this week's Megawhat Tech Week in View episode.

The mobile-themed instalment looks at Palm's attempt to get down wid the kids, the iPhone musician planning to play Wembley with just his handset and BlackBerry's £1000 special edition.

Also considered is Nokia's Star Trek edition mobile, that although complete with Phazer app, Miles doesn't think goes quite far enough...
