VIDEO: Tech week in view 15/05/09

Stuart Miles takes a look at the big news from the last 7 days

by Amy-Mae Elliott published on 15 May 2009

As is customary, Pocket-lint's Stuart Miles takes a look back over the last week's news and picks some interesting topics to explore in a little more detail.

This week sees Miles mulling Vodafone's abolishment of European roaming mobile phone charges for the summer and Twitter's @replies fiasco.

On the rumour side of things, Miles takes a look into the tech crystal ball and considers the possibility of a Zune phone and that slimline PS3 as supposedly seen in leaked images. Hit you -know-what for more...
