WEBSITE OF THE DAY - Maybe You Shouldn't Buy That

More money than sense? Clearly...

by Ian Hughes published on 9 June 2009

Despite all the doom and gloom about a recession, it seems that people are still shopping crazy.

If this site is anything to go by some have actually gone crazy. \$300 for a watch that isn't actually a watch?! The toilet roll holder that's also an iPod dock?!

One for those with money to burn, or for the rest of us who just have taste.
