WEBSITE OF THE DAY - dreamaid

Arts and crafts could pay the bills with this new action site

by Ian Hughes published on 19 June 2009

Making a living with just your creativity, ambition and some blood sweat and tears is something that many people aspire to.

In these harsh economic times, it may not seem like the wisest move, but this new "eBay for artists" could be a good way to test the waters.

If you have a hobby that churns out half decent products, then why not list them here and see what people will pay for them.

Beside a few extra pennies could come in handy regardless of your ambitions.
