WEBSITE OF THE DAY - Videojug

Get good at just about anything you fancy

by Ian Hughes published on 26 June 2009

Life's too short for regrets, so if you've ever wanted to be good at something, let Videojug show you the way.

The web is full of useful videos* teaching everything from how to do the breaststroke to how to rewire your iPod so it'll make your tea (that one might have been a wind up though!).

Videojug brings the most useful of them together so that you don't have to do all the searching. As they say: get good at life.

Bravo chaps.

* Yes, we know that the web is also full of clips of cats strapped to Hoovers and people falling off things, but even we have to be sensible sometimes.
