WEBSITE OF THE DAY - gumtree.co.uk

The online community with the feel of a local paper

by Ian Hughes published on 17 January 2007

And when we say that, we don't mean half of it's missing and the other half is soaking wet and been chewed by the dog.

Gumtree is an online marketplace where people can advertise goods, services and job vacancies that are local to you. Its look and feel is very much like a copy of Loot or Exchange & Mart (only without that annoying inky finger thing).

A quick flick through shows some real bargains to be had too.
