Tiny bonkers iPod speaker

by Amy-Mae Elliott published on 31 May 2007

We've seen some unusual iPod speakers in our time but this new gadget pretty much takes the biscuit.

The curious-looking podXtreme has its own built-in rechargeable Lithium-ion battery so won't suck the juice from your iPod and boasts room filling sound thanks to a "secret resonator".

The podXtreme costs \$29.95 and is available via the link below.
