Skin your Apple TV

Vinyl art gives your telly box a new look

by Amy-Mae Elliott published on 7 June 2007

Rebel against conformist Mac minimalism and customise your Apple TV with one of these arty skins from iStyles.

The Apple TV Skins are made from ultra-high resolution with full-colour designs that are printed on premium grade adhesive-backed cast vinyl with UV resistant inks and then covered with a clear protective layer for durability.

The Skins have a patented re-positionable and removable adhesive backing that promises fast, easy and accurate installation and goo-free removal.
