## LEGO Racers celebrates 60 years of Ferrari with 599 GTB Fiorano

In case you can't afford the real thing...

by Amy-Mae Elliott published on 4 September 2007

LEGO Racers is celebrating 60 years of Ferrari with the ultimate collector's edition model - the detailed and functional Ferrari 599 GTB Fiorano in a 1:10 scale.

This awesome racing machine features a TECHNIC design, front-mounted V12 engine with working pistons, working steering system that turns the front tyres, plus opening doors, hood and boot.

As the newest GT car from the LEGO Racers Ferrari range, this car comes in Ferrari's trademark red with a tan interior, complete with authentic sports wheel trims and a working suspension system.

For a real Ferrari experience, you can customise your 18-inch long car with the original stickers and four extra rims.

The LEGO Racers Ferrari collection is available from Toys r Us and all good toy shops nationwide priced around £79.99.
